

Rocky Flats Citizens Advisory Board Recommendation 95-7

**to the Department of Energy, the Colorado Department of Public Health and
Environment and the Environmental Protection Agency**

Approved August 3, 1995

The CAB endorses the Future Site Use Working Group (FSUWG) consensus recommendations, and acknowledges that the Citizens Advisory Board also has a diverse range of opinion on the FSUWG's "issues without full consensus". Additionally, there is not consensus among CAB members regarding whether military-related uses in the industrial area are acceptable in the future.

The Rocky Flats Citizens Advisory Board is a community advisory group that reviews and provides recommendations on cleanup plans for Rocky Flats, a former nuclear weapons plant outside of Denver, Colorado.
